

# Solutions for Pulley(Gear Idler)

## Project Outline

### Industry

- Aerospace industry

### Customer

- 'C' Company [Singapore]

### System Solutions

- TL2500LM 1 Set

### Production Volume & Cycle Time

- 7,000 Pcs /year
- 29.3min (OP10 & OP20)

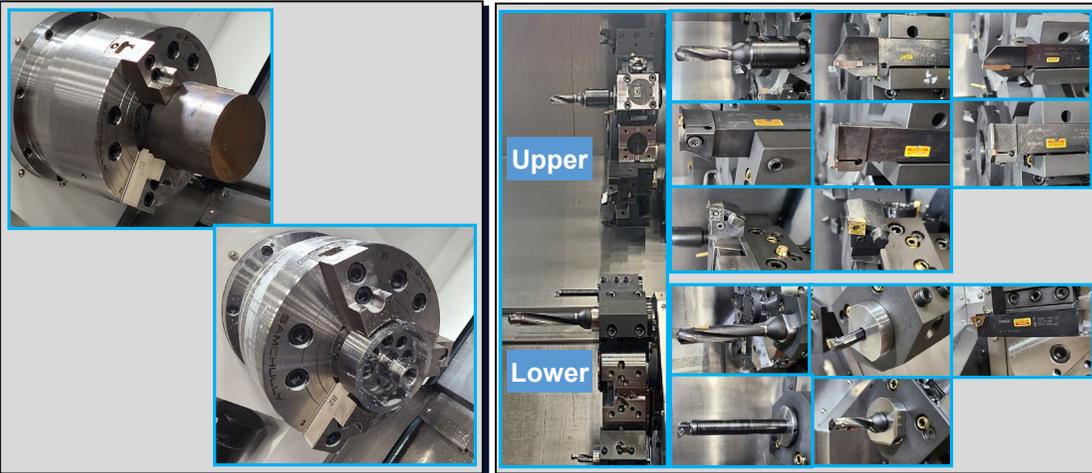

### Key Technology & Options

- TTC(4.0Kw\_1.45Mpa\_30L/min)
- Special Bore Size As 94mm
- Dual Pressure Quill for Tail Stock
- Special Milling Unit for D21 Drilling

## Layout

## Jig & Fixture / Tool

## Before & After Work
